

2 Samuel 2:11

And the time that David was king in Hebron over the house of Judah was seven years and six months.

2 Samuel 5:4-5

⁴ David was thirty years old when he began to reign, and he reigned forty years.

⁵ In Hebron he reigned over Judah seven years and six months: and in Jerusalem he reigned thirty and three years over all Israel and Judah.

1 Kings 2:11

And the days that David reigned over Israel were forty years: seven years reigned he in Hebron, and thirty and three years reigned he in Jerusalem.

1 Chronicles 3:4

These six were born unto him in Hebron; and there he reigned seven years and six months: and in Jerusalem he reigned thirty and three years.

- $7.5 + 33 = 40.5$ years
- So here we see years reckoned by *whole* years rounded down.

1 Kings 15:25-28

²⁵ And Nadab the son of Jeroboam began to reign over Israel in the second year of Asa king of Judah, and reigned over Israel two years.

²⁶ And he did evil in the sight of the LORD, and walked in the way of his father, and in his sin wherewith he made Israel to sin.

²⁷ And Baasha the son of Ahijah, of the house of Issachar, conspired against him; and Baasha smote him at Gibbethon, which belonged to the Philistines; for Nadab and all Israel laid siege to Gibbethon.

²⁸ Even in the third year of Asa king of Judah did Baasha slay him, and reigned in his stead.

- Nadab reigning two years beginning in the 2nd year of Asa means that Nadab reigned until the 4th year of Asa's reign.
- But, Nadab was also slain in the 3rd year of Asa's reign.
- The only way to get 2 years out of Asa's 3rd to 4th year is to round up.
