

Calculating Conception Dates Across Calendars

<https://gemini.google.com/app/61bbfe01523cbc2d>

User prompt: If someone was born on Oct 3, 2026, which is the same as the 23rd day of the seventh month on the Hebrew religious calendar, round about what day were they conceived on both calendars?

Response: Human pregnancy averages **266 days** (38 weeks) from actual conception/fertilization to birth, or **280 days** (40 weeks) when calculated from the Last Menstrual Period (LMP).

1. Gregorian Calendar Calculation

Starting from a birth date of **October 3, 2026**:

- **From Conception (~266 days prior): January 10, 2026**
- **From LMP (~280 days prior): December 27, 2025**

2. Hebrew Religious Calendar Calculation

On the biblical/religious Hebrew calendar, the months are numbered starting from **Nisan** as the 1st month (Exodus 12:2):

1. **1st Month (Nisan):** 30 days
2. **2nd Month (Iyar):** 29 days
3. **3rd Month (Sivan):** 30 days
4. **4th Month (Tammuz):** 29 days
5. **5th Month (Av):** 30 days
6. **6th Month (Elul):** 29 days
7. **7th Month (Tishrei):** 30 days (*Birth on the 23rd day*)
8. **10th Month (Tevet):** 29 days
9. **11th Month (Shebat):** 30 days
10. **12th Month (Adar):** 29 days

Counting backward from the **23rd day of the 7th month (23 Tishrei)**:

- **23 days** in the 7th month
- **29 days** in the 6th month (52 total)

- **30 days** in the 5th month (82 total)
- **29 days** in the 4th month (111 total)
- **30 days** in the 3rd month (141 total)
- **29 days** in the 2nd month (170 total)
- **30 days** in the 1st month (200 total)
- **29 days** in the 12th month of the prior year (229 total)
- **30 days** in the 11th month of the prior year (259 total)
- **7 days** remaining into the 10th month (Tevet): $29 - 7 = 22$

Summary of Conception Dates

Calendar	Birth Date	Estimated Conception (~266 Days Prior)	Estimated LMP (~280 Days Prior)
Gregorian	October 3, 2026	January 10, 2026	December 27, 2025
Hebrew Religious	23rd day of 7th Month (23 <i>Tishrei</i>)	22nd day of 10th Month (22 <i>Tevet</i>)	8th day of 10th Month (8 <i>Tevet</i>)

User prompt: Whats the closest event, commandment, feast, etc. to both the 8th and the 22nd day of the 10th month (8 and 22 Tevet) in the King James Bible Old Testament?

Response: Closest Event to the 8th Day of the 10th Month (8 Tevet)

The closest recorded biblical event in the Old Testament is on the **10th day of the 10th month** (2 days away):

- **Nebuchadnezzar's Siege of Jerusalem:**

"And it came to pass in the ninth year of his reign, in the tenth month, in the tenth day of the month, that Nebuchadnezzar king of Babylon came, he, and all his host, against Jerusalem, and pitched against it; and they built forts against it round about." — 2 Kings 25:1 (also Jeremiah 52:4 and Ezekiel 24:1–2)

- **Fast of the Tenth Month:** This event is later commemorated prophetically as *"the fast of the tenth"* in Zechariah 8:19.

(Note: The **12th day of the 10th month** is 4 days away—Ezekiel's prophecy against Pharaoh in **Ezekiel 29:1**—while the **1st day of the 10th month** is 7 days prior—the tops of the mountains seen after the Flood in **Genesis 8:5** and Ezra examining foreign marriages in **Ezra 10:16**).

Closest Event to the 22nd Day of the 10th Month (22 Tevet)

The closest overall date recorded in the Old Testament is on the **1st day of the 11th month** (8 days away, assuming a standard 29-day month for Tevet):

- **Moses' Final Address to Israel:**

"And it came to pass in the fortieth year, in the eleventh month, on the first day of the month, that Moses spake unto the children of Israel, according unto all that the LORD had given him in commandment unto them;" — Deuteronomy 1:3

If restricted strictly within the **10th month**, the closest preceding recorded event is the **12th day of the 10th month** (10 days prior):

- **Ezekiel's Prophecy Against Egypt:**

"In the tenth year, in the tenth month, in the twelfth day of the month, the word of the LORD came unto me, saying, Son of man, set thy face against Pharaoh king of Egypt, and prophesy against him, and against all Egypt:" — Ezekiel 29:1–2

User prompt: Now do the same, but instead of using the modern religious Hebrew calendar (which has a variable number of days per month), instead use the Biblical 360 day per year calendar which has 30 days in each month. By "do the same" I mean perform not just the last but instead both queries that you were given using the new calendar.

Response: Part 1: Conception & LMP Dates (Gregorian vs. 360-Day Biblical Calendar)

Human gestation averages **266 days** (38 weeks) from actual conception to birth, or **280 days** (40 weeks) from the Last Menstrual Period (LMP).

On a **360-day Biblical calendar** where every month has exactly **30 days**:

1. Gregorian Calendar Calculation

Starting from a birth date of **October 3, 2026**:

- **From Conception (~266 days prior): January 10, 2026**
- **From LMP (~280 days prior): December 27, 2025**

2. 360-Day Biblical Calendar Calculation

Starting from a birth date of the **23rd day of the 7th month** (23rd day of Month 7):

- **Conception Date (~266 days prior):**
 - 23 days in Month 7

- 180 days in Months 1 through 6 (6×30)
 - 30 days in Month 12 of the prior year
 - 30 days in Month 11 of the prior year
 - *Subtotal:* $23 + 180 + 30 + 30 = 263$ days
 - Subtracting 3 remaining days into Month 10 ($30 - 3$): **27th day of the 10th month**
- **LMP Date (~280 days prior):**
 - Subtracting an additional 14 days ($27 - 14$): **13th day of the 10th month**

Calendar	Birth Date	Estimated Conception (~266 Days Prior)	Estimated LMP (~280 Days Prior)
Gregorian	October 3, 2026	January 10, 2026	December 27, 2025
360-Day Biblical	23rd day of 7th Month	27th day of 10th Month	13th day of 10th Month

Part 2: Closest King James Bible Old Testament Events

Closest Event to the 13th Day of the 10th Month (LMP Date)

The closest recorded event in the Old Testament is **1 day away**:

- **Closest Event (1 Day Away — 12th Day of the 10th Month):**

- **Ezekiel's Prophecy Against Pharaoh:**

"In the tenth year, in the tenth month, in the twelfth day of the month, the word of the LORD came unto me, saying, Son of man, set thy face against Pharaoh king of Egypt, and prophesy against him, and against all Egypt:" — Ezekiel 29:1–2

- **Next Closest Event (3 Days Away — 10th Day of the 10th Month):**

- **Nebuchadnezzar's Siege of Jerusalem:**

"And it came to pass in the ninth year of his reign, in the tenth month, in the tenth day of the month, that Nebuchadnezzar king of Babylon came, he, and all his host, against Jerusalem, and pitched against it; and they built forts against it round about." — 2 Kings 25:1 (also Jeremiah 52:4 and Ezekiel 24:1–2), commemorated as "the fast of the tenth" in Zechariah 8:19.

Closest Event to the 27th Day of the 10th Month (Conception Date)

The closest overall recorded event in the Old Testament is **4 days away**:

- **Closest Overall Event (4 Days Away — 1st Day of the 11th Month):**

- **Moses' Final Address to Israel:**

"And it came to pass in the fortieth year, in the eleventh month, on the first day of the month, that Moses spake unto the children of Israel, according unto all that the LORD had given him in commandment unto them;" —

Deuteronomy 1:3 *(On a 30-day month calendar, the 27th day of Month 10 is 3 days from the end of the month, making the 1st day of Month 11 exactly 4 days later).*

- **Closest Preceding Event Within the 10th Month (15 Days Prior — 12th Day of the 10th Month):**

- **Ezekiel's Prophecy Against Egypt: Ezekiel 29:1–2**
